PRESIDENT'S MESSAGE

Dear friends and colleagues,

It is with great pleasure we are announcing the annual academic sessions of the Sri Lanka orthopaedic association 2024 To be held at the hotel Shangri-La Colombo from 7th to 9th November 2024.

This year we are excited to announce series of symposiums and Plenaries on all subspecialties of orthopedics including arthroplasty, arthroscopy, sports injuries, shoulder, hand and wrist, Foot and ankle, Spine, and paediatric orthopaedics. Will have an array of supplementary topics such as osteoporosis fragility fractures and research in orthopaedics.

We are honoured and Privileged to have have an eminent international and a local faculty for this meeting.

Eagerly looking forward to, welcoming you to Sri Lanka in November to take part in this exciting educational academic event.

Dr. Hiran Amarasekera

SRI LANKA – SO MUCH IN SO LITTLE

Sri Lanka, a tropical island nation in South Asia, is set in the Indian Ocean and boasts a rich history that stretches back to ancient times. It is a land where the essence of Buddhism thrives and where nature's beauty remains untouched.

This small island offers travelers an extraordinary blend of breathtaking landscapes, pristine beaches, a fascinating cultural heritage, and unique experiences—all within a compact area. Covering just 65,610 square kilometers, Sri Lanka is home to 8 UNESCO World Heritage Sites, 1,330 kilometers of unspoiled coastline, 15 national parks teeming with wildlife, expansive tea plantations covering nearly 500,000 acres, 250 acres of botanical gardens, 350 waterfalls, and 25,000 water bodies. Its culture traces back over 2,500 years. Once called Serendib, Taprobane, the Pearl of the Indian Ocean, and Ceylon, this island is truly magical.
