“

Dear Fellow Colleagues,

We endeavor to bring to you a COMPLETELY different meeting.

The entire meeting will be based on Clinical Cases - thus - "Real Life Situations, Real Life Solutions.". The Case presenters will present his case and will travel through the journey of case, actively involving the Expert Panel for their opinions, and yes! Indulging the audience too. What we all take home – is a very practical solution for the commonest injuries which we face day in and out.

We have osteoporosis congress bringing in all the experts on the field on one platform to discuss intricacies of osteoporosis management.. Thus, in minimal time, we gain maximum surgical Interactive Knowledge!

Last but not the least - Workshops on Newer implants and devices. Hands-on saw bone models for gaining that proprioceptive surgical feedback while operating.

So, let's not miss this opportunity to intermingle with the top-notch Faculty of Trauma, landing in Nagpur to share their immense knowledge, to increase our efficiency and offer our patients better Trauma and Fracture care!

See you soon.
